Statement of Intent:

I am a Construction Engineering graduate seeking a full time position in construction management.. I am seeking to implement innovative and unique structures, as well as ideas, to an established organization to aid in achieving its short and long-term goals. I plan on utilizing my experience and education to be a member of an organization that promotes continued personal and professional growth. Communicate well with people of all ages, being able to assist them as required for any tasks. Read and understand information presented in a variety of forms. Observe and record data using appropriate methods. Set goals and priorities balancing work and personal life. Understand and work within the dynamics of a group. Lead or support when appropriate, motivating a group for high performance.

Descriptive characteristics and qualifications/certificates:

Basics of Supervising	WHIMIS in Construction	Microsoft MS proficient
The basics of Confined Space Entry	SAGE50	Team orientated
The basics of Traffic Control	Multitasking	Excellent organization skills
Fall Protection Awareness	Customer Service	Excellent problem solving

Education:

George Brown College

January 2014- June 2016

- * **Graduated - June 16th, 2016 with an Honors Ontario College Advanced Diploma**
- Majored in Construction Engineering Technology.
- Elected member of the George Brown Athletic Council - 2014/15.
- Participated in Free the Children initiative.

Work Experience:

Project Coordinator/Manager: June 2018- Present, Fox Contracting Ltd.

- Schedule and mobilize POs (Purchase Orders) to trades and site.

- Liaison with engineers and architects to ensure approval of shop drawings.
- Create project schedule to relay to client.
- Provide updates to stakeholders (architects and clients) regarding daily progress on project.
- Insure that we are making good profit and managing the cost of the project. Collecting invoices and making sure they match, to insure we don't lose any money.
- Collect RFI's (Request For Information) from sub-trades if they have any concerns
- Update billing spreadsheet and insert CCN to any change in cost.
- Issue daily logs toward the end of the day, so the client is aware of any daily progress.
- Have weekly site meetings with the clients, architects, engineers and our site supers to insure that the project is going well.

Foreman Laborer: April 2013 - January 2016, LCL (Lamanna Concrete & Landscaping)

- Read, interpret and install landscape designs.
- Use of various hand and power tools to complete tasks such as smoothing and finish surfaces of poured concrete.
- Align forms for sidewalks, curbs or gutters.
- Assist our installers with any questions or concerns, and make sure all workers are comfortable.
- Insure that the customer is satisfied with the finished product.

General Laborer: Golpat Windows and Doors

- Install and remove windows/doors for residential homes.
- Read specifications such as blueprints to determine construction requirements.
- Locate, measure and mark site locations or placement of equipment using measures and markings.
- Insure that the customer is satisfied with the finished product.

Installer: October 2017 - June 2018– N.A.P Construction Landscaping

- Visit sites to collect measurements for projects.
- Install decks and patios for downtown condos.
- Liaised with stone workers to complete the project.
